

The Nova Scotia Duck Tolling Retriever Club-USA Presents

***** MAAP *****

4 Critical Steps To Save Your Pet(s) Life

presented by Debra Hamilton of Hamilton Law and Mediation

LIFE HAPPENS.
ACCIDENTS HAPPEN.
DISASTERS HAPPEN.

BEING PREPARED = PEACE OF MIND

During this presentation you will learn:

HOW YOU CAN CREATE A PLAN THAT WILL ENABLE YOUR PETS
TO RECEIVE THE CARE YOU WANT THEM TO RECEIVE
ANYTIME YOU ARE PERSONALLY UNABLE TO CARE FOR THEM.

You will learn how to easily MAAP out a plan
for the care of your pets BEFORE something unfortunate happens.

What if you get bad news and need surgery or are involved in an accident and end up in the hospital?

You get to rest easy and feel at peace knowing that your pet(s) will continue to receive great care because you've made a plan which assures the safety and care of your beloved companion(s).

***** You will actually create a MAAP for one or two of your dogs to get you started*****

Specifically, Debra will cover:

Make a plan. Thinking about the “who’s, what’s and why’s” needed to create a MAAP Plan that works for everyone, including your pet.

Appoint a caregiver for your pet. It’s really not as easy as you would think! You will get the clarity you need to make the best decisions possible for the appointed caregiver and your pet!

Address the needs of your pet. This is a CRUCIAL piece that goes way beyond the basics of food, water and a dry bed!

Publish your MAAP plan. You have got to get your MAAP plan out of your head, out of your file cabinet, out of your safety deposit box and into the hands of the people who are going to help you. Otherwise, all of your strategic planning and good intentions will be for nothing!

You will receive access to:

“Prepare for Your Pet’s Care: The Roadmap for Short and Long Term Care for the Animals You Love” – a companion ebook to help you get the most out of this presentation & The PetPassport
