

Party Like a RACH-Star: Tips for Success in Rally

Daniela Flores of DoChara Tollers started her AKC career in Rally in 2014. She earned a RACH and three Top 10 finishes at the Rally National Championship with her Novice A dog, Holly, a double merle Australian Shepherd. Learning this sport with a congenitally hearing and vision impaired dog gave her a unique perspective on training and competition that she has applied to her subsequent dogs with great success. Most notably, her Toller, Dizzy, is working on his third RACH, won the inaugural AKC RACH Invitational and followed it with first runner-up the subsequent year, and has had two Top 10 finishes at the AKC Rally National Championship. Her passion for Rally has led her to become a judge as a means to give back and encourage the future of the sport. Daniela also trains and competes with her Tollers in conformation, obedience, agility, field, dock diving, and FastCAT.

Join Daniela for a Rally seminar at the 2026 Toller National! She will cover topics related to training techniques, trial preparation, and competition strategies. Whether you are a seasoned competitor or just getting started, this seminar aims to provide an engaging learning experience for anyone interested in the sport.

Seminar – Wednesday, September 16th. Start time approximately 30 minutes after Agility concludes.

Purchase your ticket in the SHOP. \$20 working spots, \$15.00 audit spots. Day of \$20 audit only spots.
